Knowledge of your landscape, skillful implementation and the right tools are essential components of success in the business arena as well as on the golf links. Oracle Corporation and TriCore Solutions would like to invite you to spend an hour with us that is guaranteed to improve your business and your golf game.

Set up an appointment to learn more about Oracle's world class business software. We also will show you how TriCore, Oracle's leading partner in the Eastern United States, can offer world class Managed Services, Oracle Technology Consulting and Oracle Sales Consulting to your business.

TriCore Solutions is a leader in the outsourcing of Oracle eBusiness Suite Applications and Oracle DB-based applications. Many leading companies have outsourced the management of their Oracle DB and Oracle Applications to TriCore Solutions. TriCore also provides end-to-end Oracle-based technology consulting that includes all aspects of Oracle DB, Oracle 9iAS, Oracle Portal, Oracle RAC, and Oracle Applications.

Oracle and TriCore understand that successful partnerships require teams that work seamlessly towards a common goal. From top management involvement to cultural synchronization, our people go that extra mile to ensure a good fit.

Meet with us for an hour and we'll present you with a superb *Odyssey two-ball golf putter* to accompany the golf glove that we've provided today. Just one hour will improve your business and your golf game. Call us today!
