## HERE'S TO YOUR SUCCESS

In the past few years, the lending industry has undergone dramatic changes, with several new entrants as well as leading financial institutions eyeing a share of the market. To add to this, institutions have been flush with funds and rates have never been lower.

**In such a competitive scenario,  
how can you make your institution stand out?**

Daybreak Lending Suite, from SuperSolutions gives you the power to compete and win. It is the only comprehensive lending system that automates all aspects of financing – allowing you to create new revenue streams and increase profits!

Daybreak's features are designed for advanced business needs, helping you to lower costs and manage increases in the volume of business. It's open Oracle database architecture makes it easy to support and maintain. It is extremely scalable and provides the right technology platform to ensure compatibility with current standards, as well as emerging technologies.

Don't waste this valuable opportunity to sit down for an hour with SuperSolutions and Oracle Corporation to learn how we can help you respond to the demands and challenges you face today.

As a token of our appreciation for spending valuable time with us, we would like to offer you a bottle of Dom Perignon to fill those elegant flutes.

**We look forward to toasting your success....**
